

Section 2: Interview Experience Summaries

Company	Round	Details
TCS	Round 1	Online Assessment: Aptitude + Logical Reasoning + DSA coding (HackerRank, 90 min)
TCS	Round 2	Technical Interview: System Design (LLD/HLD), previous projects, data structures
TCS	Round 3	Managerial/HR: Behavioural questions, teamwork scenarios, Why TCS?
TCS	Round 1	Online Assessment: Aptitude + Logical Reasoning + DSA coding (HackerRank, 90 min)
TCS	Round 2	Technical Interview: System Design (LLD/HLD), previous projects, data structures
TCS	Round 3	Managerial/HR: Behavioural questions, teamwork scenarios, Why TCS?
TCS	Round 1	Online Assessment: Aptitude + Logical Reasoning + DSA coding (HackerRank, 90 min)
TCS	Round 2	Technical Interview: System Design (LLD/HLD), previous projects, data structures
TCS	Round 3	Managerial/HR: Behavioural questions, teamwork scenarios, Why TCS?
TCS	Round 1	Online Assessment: Aptitude + Logical Reasoning + DSA coding (HackerRank, 90 min)
TCS	Round 2	Technical Interview: System Design (LLD/HLD), previous projects, data structures
TCS	Round 3	Managerial/HR: Behavioural questions, teamwork scenarios, Why TCS?
Infosys	Round 1	Online Assessment: Aptitude + Logical + Verbal + Java MCQ
Infosys	Round 2	Technical Interview: Core Java, OOPS principles, collections, multithreading
Infosys	Round 3	HR Round: Career goals, relocation flexibility, Why Infosys?
Deloitte	Round 1	DSA + Aptitude
Deloitte	Round 2	Technical + Behavioural
Accenture	Round 1	Cloud + DSA
Accenture	Round 2	Technical + HR
Amazon	Round 1	Online Assessment: 2 DSA problems (medium-hard), 45 min
Amazon	Round 2	Technical Interview 1: Array/DP/Graph problems + complexity analysis

Company	Round	Details
Amazon	Round 3	Technical Interview 2: LLD (Low Level Design) — design a parking lot system
Amazon	Round 4	Bar Raiser + HR: Leadership Principles (STAR format answers essential)
Amazon	Round 1	Online Assessment: 2 DSA problems (medium-hard), 45 min
Amazon	Round 2	Technical Interview 1: Array/DP/Graph problems + complexity analysis
Amazon	Round 3	Technical Interview 2: LLD (Low Level Design) — design a parking lot system
Amazon	Round 4	Bar Raiser + HR: Leadership Principles (STAR format answers essential)
Amazon	Round 1	Online Assessment: 2 DSA problems (medium-hard), 45 min
Amazon	Round 2	Technical Interview 1: Array/DP/Graph problems + complexity analysis
Amazon	Round 3	Technical Interview 2: LLD (Low Level Design) — design a parking lot system
Amazon	Round 4	Bar Raiser + HR: Leadership Principles (STAR format answers essential)
Amazon	Round 1	Online Assessment: 2 DSA problems (medium-hard), 45 min
Amazon	Round 2	Technical Interview 1: Array/DP/Graph problems + complexity analysis
Amazon	Round 3	Technical Interview 2: LLD (Low Level Design) — design a parking lot system
Amazon	Round 4	Bar Raiser + HR: Leadership Principles (STAR format answers essential)
Flipkart	Round 1	Python + DSA
Flipkart	Round 2	Machine Coding
Flipkart	Round 3	HR
Google	Round 1	Competitive Programming
Google	Round 2	Coding + Complexity
Google	Round 3	Graphs + DP
Google	Round 4	System Design
Google	Round 5	Googleyness
Microsoft	Round 1	3 DSA Problems

Company	Round	Details
Microsoft	Round 2	Trees + Graphs
Microsoft	Round 3	OS + DBMS
Microsoft	Round 4	HR
Wipro	Round 1	Aptitude + DSA
Wipro	Round 2	Technical
Cognizant	Round 1	Java + DSA
Cognizant	Round 2	HR
Capgemini	Round 1	C++ + DSA
Capgemini	Round 2	Behavioural
IBM	Round 1	Cloud + DSA
IBM	Round 2	Technical + HR
Adobe	Round 1	System Design
Adobe	Round 2	Coding
Oracle	Round 1	DBMS + SQL
Oracle	Round 2	Coding + HR
SAP	Round 1	C++ Concepts
SAP	Round 2	Technical
HCL	Round 1	Cloud + DSA
HCL	Round 2	HR
Tech Mahindra	Round 1	DSA + System Design
Tech Mahindra	Round 2	Behavioural
Qualcomm	Round 1	Embedded + DSA
Qualcomm	Round 2	Technical

Company	Round	Details
Intel	Round 1	Python + DSA
Intel	Round 2	System Design
Samsung R&D	Round 1	Java + DSA
Samsung R&D	Round 2	Projects + HR
